Laboratory and Radiological Testing Acknowledgement

At Coastal Kids Endocrinology and Weight Management, we usually order diagnostic tests (laboratory or radiological) based on clinical presentation to make a diagnosis and establish treatment plan.

Not every test we may order or consider important to you will necessary be covered and/or paid for by your insurance. It is your responsibility as the parent/guardian to check with your insurance if test is covered and paid based on the diagnosis provided.

Please check with your insurance about coverage before lab or radiologic test is done.
